## Our Installers

### Our Certifications

Our finely crafted team of installers have as much as 22 years of experience wrapping vehicles. Upkept with current, and updated certifications from all major recognized vinyl manufacturers, we have ensured that our team is more than capable of handling any project we throw at them.

Vinyl is an ever evolving industry. To ensure we are keeping up, we ensure our installers are decked out with the latest gear, ensuring long lasting, perfect results every time.

# Commercial Graphics and Fleet Services

Remaining the most lucrative means of physical advertising among local businesses and services, vehicle graphics and fleet wraps are the best way to have yourself recognized by current and future clientele.

Commercial graphics are extremely versatile, and are ever evolving to best influence buyers. Because of this, new ideas, crazy concepts, and emerging technologies are tried, and accepted not only by business owners, but by consumers.

## Unleash the Power of Mobile Advertising with Sign-X Ltd: Your Ultimate Fleet Graphics Partner

Are you looking to take your brand visibility to the next level? Do you want to captivate your audience wherever they go? Look no further than Sign-X Ltd, your premier destination for cutting-edge fleet graphics solutions.

### Revolutionize Your Branding Efforts

At Sign-X Ltd, we understand the importance of making a lasting impression. That's why we offer a comprehensive range of fleet graphics services tailored to meet your unique needs. From eye-catching vehicle wraps to dynamic signage solutions, we have the expertise and resources to elevate your brand to new heights.

### Unparalleled Expertise and Experience

With a dedicated team of installers and graphic designers, Sign-X Ltd boasts unparalleled expertise and experience in the field of fleet graphics. Our skilled professionals utilize state-of-the-art equipment and premium materials to ensure flawless execution and stunning results, every time.

# SKINTAC HX45000

## Cast PVC film for full wraps

The SKINTAC HX45000 series embodies the highest quality in the HEXIS film range for application to means of transport. The SKINTAC HX45000 series is composed of a 100-µm, multilayered cast film (150 µm for the structured films) and a HEX'PRESS technology liner. Its high technical performance and its conformability are perfectly designed for use on curved and textured surfaces (weldings and rivets).

- Cast film, composed of multiple and successive layers. Intended for application to means of transport.
- Very long-term film, negligible shrinkage.
- Water and aggressive environment proof.
- Application possible at an ambient temperature starting from +15 °C (+59 °F).
- By their core nature, the conformable film ensures the application to 3D surfaces.
- Clear, permanent, pressure-sensitive, solvent-based adhesive, preventing the migration of plasticisers.
- Film can be easily removed by applying heat and/or chemical products.
- Compatible with computer-aided cutting.

## Roll sizes

**Widths (mm) :** 1520

# The worlds First Printable Paint Protection Film!

The world of paint protection film and vehicle wraps is evolving, and the introduction of ORAJET 3971GRA is a testament to that progress. This new, premium cast polyurethane (PU) paint protection film offers the perfect balance of printability, durability, and ease of application. As the industry's first printable, gloss cast polyurethane paint protection film, ORAJET 3971GRA is PVC-free and designed for long-term vehicle wrap and spot graphic applications. In this blog post, we will take a closer look at this revolutionary product and its features.
